

The background of the entire page is a grayscale photograph of a construction or demolition site. A large JCB excavator is visible on the left, with its arm and bucket extended. In the foreground, there is a large pile of debris, including corrugated metal sheets and other construction materials. The overall tone is industrial and gritty.

MAKE SAFE!

SYDNEY BUILDERS | GROUP

Sydney's Insurance and Remedial Specialist

**There, When You
Need Us Most!**

**SYDNEY
BUILDERS** | GROUP

Our Competitive Advantages

1 24-hour Services

We Provide our clients with a dedicated 24-hour emergency make safe services.

2 Rapid Response

We provide our clients and their customers with rapid response to their make safe in times of need and distress.

3 Reasonable Cost

We provide competitive and reasonable costs for all emergency repairs and Make Safes.

4 Clear Communication

We provide our clients and their customers with clear and proactive communication and you will always be able to speak to our representative.

When to call us

Sydney Builders Group can assist with all emergency and temporary repairs including:

- ▶ Electrical Make Safe
- ▶ Temporary Tarp of Roof
- ▶ Structural propping
- ▶ Board up and entry prevention
- ▶ Demolition and removal of dangerous structures
- ▶ Leaking pipes
- ▶ Tree removal

Sydney Builders Group have been assisting their clients with emergency make safes all through the recent ECL and successfully completes well over 2000 make safes each year. This has not only mitigated further damage, but provided the end user with reassurance that their property is secure and habitable until repairs can commence.

**The following is some
of our recent projects:**

Removing the collapsed carport

Removing a large tree from the owner's property

Boarding up house following a fire within the property that destroyed the internal of the house and external cladding

Installing temporary battens, re-fixing roof sheeting and tarp

Removing lifted roof sheets and installing plywood and tarp

Installation of a tarping system to protect internal areas

Installing temporary bracing supports and plywood to garage

Boarding up house following a fire within the property
